

POWERHOUSE MEDIA ENTERPRISES FILM & TELEVISION MUSIC

Thank you for your interest in licensing a Powerhouse Media Enterprise recording. We require the following information to process your request:

1. Clearance Request Form

Please print and fill out the attached form as completely as possible, including: a synopsis of your project, a detailed description of the relevant scene and nature of use (e.g. "Recording is coming out of a car radio while main characters are driving to the beach," or "Recording will be used over the end credits of the film," etc.), and the media rights you require (e.g. film festival, video, TV, etc.).

If you are requesting music for a video production, game or consumer product, we need to know how many units will be manufactured.

2. Written permission from the publisher

If you do not know who the publisher is, please contact BMI (310-659-9109 or 212-586-2000) or ASCAP (323-883-1000 or 212-595-3050)

You may fax these items to us at 888-606-PHME (7463) in the U.S. or +61 7 4053 4614 (Australia).

Additionally, you will be responsible for obtaining approval from the American Federation of Musicians (323-461-3441 or 212-869-1330) if in the United States, and any other union having jurisdiction over your use of the recording. You may be responsible for union re-use/new-use payments.

The licensing fee, if any, will be determined upon receiving the required information. We will notify you in writing as soon as possible.

Due to the nature of Powerhouse Media Enterprises we license only independent new recordings.

If you have any questions please contact us and the general information pages of this site, or call us on 888-606-PHME (7463)
